

# I—SERIES CUBICLE CURTAIN TRACK

US Patent Pending

## I—Series Cubicle Curtain Track Features:

- Easy-to-bend and easy-to-clean track extruded from 6063 T52 aluminum alloy
- Microban® painted finish of track inhibits the growth of bacteria, mold, and mildew
- Patent pending Flex Carrier allows each carrier to be removable and replaceable without having to remove the track from its brackets, without having to remove the end cap from the end of the track, and without having to remove the curtain from the track
- Carriers are self-lubricating with nylon wheels for extra smooth and quiet traversing
- Carriers are pre-hooked and hooks rotate 360-degrees
- Spring loaded installation brackets allow for simple and easy installation and removal of the track and include a locking mechanism for safety

Easily bend track on-site
